XIX. APPROVED LIST OF LONG PLAYS FOR CONTEST

Scenes from the following plays are approved provided directors receive written permission from the publisher or author to cut copyrighted materials. All scenes must comply fully with rules stated in this **PSIA One-Act Play HANDBOOK**. Groups wishing to acquire rights for the One-Act Play Contest from any publisher should make their inquiries by letter. Directors shall eliminate profane references to a deity and obscene language or scenes from the approved production. Directors shall revise or reject all material within approved plays that in any way fails to meet these requirements. The administration of the producing school is charged with the responsibility of assuring that the director complies with these requirements and that the play does not offend the moral standards of the community. When a script and production are examined and approved by the administration of the producing school, the production is eligible for presentation at any contest site, as long as the play meets all requirements of the PSIA One-Act Play Contest Rules.
